They are both looking out at the ocean under a clear blue sky with a hint of sunset. The sailboat's mast and rigging are visible on the right side of the frame. The image is split diagonally by a white line, with the top-left portion being white and the bottom-right portion being a deep blue.

WEALTHCHOICE

WealthChoice is a Fixed Indexed Annuity.

While building your retirement savings, you deserve choices that will not compromise the safety of your money. If you seek accumulation opportunities that will protect you from market downturns, WealthChoice could help you achieve your individual goals.

Most people desire a happy retirement without worrying about outliving their resources. Guaranty Income Life Insurance Company wants that for you, too. With WealthChoice, you could preserve your hard-earned wealth, ideally aligned to your own growth and allocation preferences.

WHAT IS A FIXED INDEXED ANNUITY?

A Fixed Indexed Annuity is a tax-deferred contract with an insurance company, which can also provide payments to the owner at some point in the future when additional income is needed for a comfortable retirement. Taxes are deferred until you withdraw your earnings, and as a result, you earn interest on principal and interest on interest, all on a compounding basis.

A **Fixed Indexed Annuity** credits interest based on the greater of:

- a) An annual, guaranteed minimum interest rate; or
- b) A portion of the change of an index credited as interest to the contract.

While the interest credited to a fixed indexed annuity is linked to various market indexes, the annuity does not participate in any stock, bond or equity investments. You are not buying shares of stock or an index. The index performance is used to determine the interest rate for the index(es) you have chosen. However, the annuity is not credited the same performance as the measuring index. This is because the annuity premium is also guaranteed to never lose principal due to market downturns. Fixed index annuities offer participation for some of the market's growth in up times, but also protection in down times.

WealthChoice has attractive allocation choices, including a fixed interest account and indexed options that are tied to various market indexes. You have the opportunity to reallocate account values among these options each contract anniversary, or simply continue your original selections — the choice is always yours.

FIXED ACCOUNT	The fixed account is set by the issuing company.	The fixed rate is declared each contract anniversary and guaranteed for one year. The fixed rate will never be less than 1%. Interest is credited daily.
HORIZON ASCEND 5%™ INDEX, POINT-TO-POINT PARTICIPATION	The Horizon Ascend 5%™ Index is managed by Horizon Investments, utilizing institutional and academic quality investment techniques to smooth returns under any market condition. FLEXIBILITY

WITHDRAWALS AND PAYOUTS

Although annuities facilitate retirement savings and income augmentation, occasionally you might need to access your assets sooner than anticipated. WealthChoice can accommodate

FREE PARTIAL WITHDRAWALS

Starting your first contract year, you may withdraw up to 10% of your initial premium. Each following contract year you may withdraw up to 10% of the prior anniversary's value.

If you surrender your account or take withdrawals in excess of your Free Partial Withdrawal amount during your contract surrender period, the amount in excess of your 10% free amount will be subject to a surrender charge and Market Value Adjustment (MVA). The percentage of the surrender penalty depends on your contract year.

ANNUITY PAYOUT OPTIONS

Once you are ready to turn on those retirement paychecks, you have several payout options to choose from:

- » You choose a set number of payout years between 10 and 30 years
- » Payout guaranteed for your lifetime
- » Payout guaranteed for your lifetime, with a guaranteed period set between 10 and 30 years
- » Joint lifetime income for spouses
- » Joint lifetime income for spouses, with a guaranteed period set between 10 and 30 years

REQUIRED MINIMUM DISTRIBUTIONS

The amount that the IRS requires you to withdraw annually after age 72 is always available without a surrender charge penalty, even if the amount is greater than your free annual withdrawal amount.

GUARANTEED LIVING BENEFITS RIDER (GLBR)

This elective benefit is offered within WealthChoice 7- or 10-year plans and costs 0.75% of the accumulated value each anniversary. The GLBR rider permits lifetime withdrawals without excessive penalties or regard to existing funds. Based on the owner's age and whether he or she designates level or increasing payments, the whole withdrawal factor is multiplied by the account value to arrive at the Lifetime Yearly Income maximum.

A couple is sitting on a grassy field at dusk, looking towards a glowing tent. The tent is illuminated from within, casting a warm light. The background shows a range of mountains under a twilight sky. The image is partially obscured by a dark blue diagonal overlay in the top right corner and a yellow triangle in the top left corner.

SPOUSAL CONTINUATION

If Joint Income is elected for the spouse, who is also listed as the primary beneficiary, the surviving spouse could continue receiving the lifetime income payments.

SYSTEMATIC WITHDRAWALS

Depending on your withdrawal preference, you can elect to be paid on an annual, semi-annual, quarterly or monthly basis.

ADDITIONAL FEATURES

PREMIUM BONUS RIDER

This optional rider is available on WealthChoice 10. Your initial premium and any additional premiums paid within the first 90 days will receive a premium bonus of 5%, which is applied to the Account Value and allocated in the same manner as the initial premium. Additional premiums paid in the first 90 days, along with applicable Bonus, are allocated to the fixed account and the accumulated values may be reallocated at the next anniversary. There is no fee for the rider, though caps and pars may be lower than if no Premium Bonus Rider had been selected. The bonus is recaptured if withdrawals occur in the first five years. The bonus is fully vested in year six.

DEATH BENEFIT

In the event of death, the account value will be paid to your beneficiaries. If the sole primary beneficiary is the legal spouse of the owner, they will be able to assume ownership.

5-Year Death Benefit Enhancement: If the beneficiary elects the 5-year payout option, the death benefit will be multiplied by 110% prior to determining the periodic payment.

RETURN OF PREMIUM GUARANTEE

WealthChoice provides a return of premium guarantee. After the end of your fifth contract year, the amount available for Full Surrender will never be less than the initial premium, adjusted for any withdrawals taken to that point.
